Strategies for preparing young learners for the Cambridge YL examination

Presenter Michelle Jagger, DELTA Publishing

Topic Engaging young learners right from the start of their language journey is key to their learning success. If they see learning English as fun and rewarding, then they will be motivated to become fully involved in the learning process.

In this webinar, Michelle Jagger, Educational Consultant at DELTA Publishing, will share strategies and tips on how to ensure young students have a positive learning experience while acquiring the skills they need to pass the Cambridge YL examinations. Drawing on her own teaching experience and including examples from the DELTA Young Learner series, Super Starters, Mighty Movers and Fantastic Flyers, we will discuss how to make learning English engaging and fun, both in the classroom and online.

Moderation: Martin Thomas, DELTA Publishing
